Details

Let's be honest, top-of-the-range gear can be an investment, so make sure you protect the underside of your MSR Freelite 1 tent from the elements with a footprint.

This model is custom fitted to the Freelite 1, so you know it'll keep it in good condition for many future uses. You can also use the footprint to pitch your tent up as a form of very light shelter using this and the rainfly together.

Plus, it can be used as lunch or picnic rug!
