

Oztrail
Starlight Hiking Tent

~~\$239.99~~ **\$169.90**

Details

Leave the noise and smells of the city behind and enjoy a night out under the stars with the Oztrail Starlight Tent. It's designed to be set up by just one person, so if you're travelling solo you'll be able to set up this east-west pole system by yourself in no time. The O-Shaped door makes access fairly easy, and the fly has heat taped seams and a great waterhead rating to keep you dry in adverse weather.

You'll get the best performance from this tent in tropical or warm conditions as its light construction and breathable fabric will give you plenty of airflow. We all know that insects thrive in summery and warm conditions, but the No-See-Um mesh on the windows will keep them from sneaking in.

When you've got all your gear stuffed into an unfamiliar space it's easy to lose track of your valuables. It's a good thing then that the Starlight comes with a loft gear storage pouch that can be hung across the width of your tent - so you can have your phone, GPS and keys safe and out of the way of any late-night blunders. The Starlight is small, easy to erect, and lightweight - which makes it a great place to start if you're new to hiking.

Sleeps 1-2 people
Ideal for hiking tropical or warm conditions
Easy 1 person set up
Taped fly seams
Loft gear storage
Lantern hook
Drysac style carry bag included
