Details

Sometimes with swags, it really is what's inside that counts. Don't be deceived by the Coolabah's humble appearance, she may not be the flashiest or most glamorous swag - but she's as sturdy as a rock.

With room for two adventurers (or one who likes the extra space) the Coolabah Double Dome Swag will give you plenty of room without feeling like you've been packed in like sardines. The durable hard-wearing canvas will not only protect you from the elements - it'll also keep you warm and toasty on cold nights. For warmer evenings, just roll down the canvas and let some air in through the 3/4 sandfly proof mesh opening on the front of the swag.

The 60mm high-density foam mattress provides a solid base to sleep on when you're out adventuring. The Coolabah X Large Swag also features black aircraft strength poles give this swag its structure, plus a waterproof boot bag for keeping your boots out of the elements.

The addition of extra poles to the classic Coolabah provides extra height and structure so you don't feel like the walls are closing in on you when you're trying to doze off. With the Coolabah, you can jump in your car and head out into the horizon knowing you've got a comfortable and weatherproof place to rest.
