Details

For a hassle-free outdoor Aussie adventure, pick up an Aussie designed swag like the Redgum from Burke & Wills. The Redgum is the signature swag from Burke & Wills, and it's easy to see why as it's got all the features you'd need for all weather conditions. If you usually find single swags too petite for your liking - the XL size will give you extra sleeping space without taking up too much room in the back of your car.

The rot and waterproof canvas is constructed to withstand whatever the elements throw at you, which let's face it can be a lot. The Redgum is perfect for warm summer nights, as the canvas can be unzipped to just the sandfly proof mesh layer which will keep a steady flow of air inside your swag. When the weather turns wet, you can zip everything up and have full protection from the rain.

All you need is your favourite sleeping bag, as the Redgum comes with a 60mm foam mattress which'll give you even distributed support all over and help with airflow when the weather is warm. This dome system swag has plenty of headspace - so you won't feel like the walls are closing in on you as you sleep. The Redgum can be set up on virtually any Aussie terrain, so you can get out and explore this great country with a solid place to sleep every night.
