

Darche
Air-Volution™ AD 1400 Swag

\$699.95

Details

If you and your partner in crime are ready to take touring to an entirely new level of ease and luxury, then the Darche AD 1400 Swag is going to be a real game changer. When it comes to swags, Darche sure know what they're doing so it's only natural they would come up with a swag that can be set up in a mere 20 seconds.

The inflatable poles in the AD are made from puncture resistant TPU covered by durable PE pole sleeves for an extra level of protection. To set it up, you just hook it up to the high capacity hand pump, and in less than half a minute you'll be all set to snooze. Made from Darche's high quality proofed canvas that's seam sealed to prevent leaks, and featuring storm covers, and a reinforced PVC floor - this swag will keep you dry and protected from the elements.

With a full zip down head and foot windows with mesh, you can get plenty of fresh air circulating. The 50mm cotton covered mattress will keep you in luxurious comfort, and with an entry point on each side, so you can exit this shelter with ease. For minimal effort with maximum impact, the Darche AD 1400 swag is the way to go for your next touring expedition.

- Single air pole inflates in less than 20 seconds
- Puncture resistant air poles that require no assembly
- Single inflation point
- Two-way entry with storm covers
- High capacity hand pump included
- Canvas swag bag included
