

## Black Wolf Mantis UL II Hiking Tent

~~\$439.99~~ **\$299.90**

### Details

The Black Wolf Mantis range has become known as a staple for hikers and backpackers who want a compact, reliable, and low-profile tent for rugged outdoor excursions. Now even lighter than the original, this nifty model shaves 25-30% of weight off the original - so it's even more hike-friendly than before.

When you're in intense conditions, the last thing you want is a big protruding shelter that rattles around in the wind. The Mantis is lower to the ground which will help keep your shelter secure when conditions aren't ideal. The nylon fly has a waterhead rating of 2000mm, and taped seams to keep you dry should the weather turn sour. For warmer evenings you'll still get some cool coming through the tent thanks to the No-see-um mesh head and foot vents.

The Mantis allows enough room under the vestibules for you to store your boots or other dirty gear out of the way and has internal storage pockets to keep your valuables within arm's reach. For a low profile and reliable tent that'll shelter you after a rugged day on the track, you can't go past the Mantis 2 UL tent from Black Wolf.

- 2 doors and 2 vestibules
- 25-30% lighter than the original model
- New lightweight cord lock leg points
- No-see-um mesh on doors and windows
- Waterproof taped seams on floor

### Specifications

<b>Snowys Code:</b>	136782
