

Dometic
**Waeco CFX 50W Fridge +
 Cover**

\$979.00

Details

Something for extended touring, or extra-large cuts of meat, the Waeco CFX-50W 12v fridge/freezer is the first in the CFX series with a side opening lid. Capacity for 72 soft drink cans and height to accommodate upright Riesling bottles, the CFX50 is ideal for extended touring or large families.

The most innovative portable fridge freezer on the market, the Waeco CFX is the culmination of years of research into the way in which we use and rely on portable refrigerators for camping, fishing, in cars and on trucks, making it one of the best portable fridge/freezers you can buy.

You can control and monitor your CFX via their app using Wi-Fi Connection. This app allows you to control and monitor the temperature, and it will inform you when the lid is open for longer than 3 minutes. Now you can keep your food and bevies under control without having to pull over or get up from your comfy chair. The display is now also dimmable, which makes it easier to use in low-light conditions.

Purpose built for Australian conditions with a genuine Waeco compressor, providing class-leading cooling performance from +10°C to -22°C in all weather conditions. A well thought out design that makes it easy to use, the Waeco CFX50 even comes with a USB charging port so you can charge your phone from the back of your car.

- Includes FREE genuine Waeco cover
- Fits Riesling bottle upright
- 4-point M6 nutserts in base
- 3 Stage battery protection
- Detachable lid, interior light and USB charging point
