

LifeStraw
**Go Bottle 2 Stage
Replacement Filter**

\$29.90

Details

If your LifeStraw Go 2 Stage bottle has served you well over many off-the-grid expeditions, then it may be time to put a new filter in with a compatible LifeStraw Go replacement filter.

Each filter will filter up to 1000L of water, so you can get off the beaten track and know you can still get clean drinking water. This filter also comes with one carbon capsule included, which is the second step of the 2 stage filtration process to reduce bad odour and taste.

Make sure you keep your Go 2 Stage Bottle updated so that you can continue to have access to safe drinking water, almost anywhere you go.

Replacement filter for the LifeStraw Go 2-stage Bottle
Includes 1 x activated carbon capsule which filters up to 100L
Compatible with the LifeStraw-Go-2-stage filtration
