

Sigg  
Hot & Cold 300ml Food Jar  
**\$52.95**

## Details

For days when you don't have access to a microwave - you can still get a hot meal without having to buy your lunch out with a Food Jar from Sigg.

The Sigg Food Jar is made 18/8 food-grade stainless steel, that's double wall insulated to prevent sweating, and won't leave a metallic taste in your food. This jar provides 7 hours of insulation hot, and 14 hours of insulation cold - so you can eat piping hot leftovers on a cold winter's day, or some yogurt and muesli for a cool afternoon snack when the weather warms up.

The bottom of this jar has an anti-slip silicone pad, making it easy to rest on a flat surface and eat without it wobbling around and spilling into your lap. The top carry handle makes it easy to cart around and closes up tight, so it won't leak in your bag. For keeping food hot or cold while you go about your day, you can rely on the Food Jar from Sigg.

7 hours insulation hot and 14 cold  
18/8 food-grade silicone steel  
Interior won't leave a metallic taste  
Easy to carry top that's also leakproof  
Double wall insulated  
Anti-slip silicone pad on base
