

OZtrail Nomad 2 Hike Tent

~~\$124.99~~ **\$79.90**

Details

The Nomad 2P is a lightweight tent for the solo hiker who likes the extra room, or the adventurous duo on your weekends away.

A vestibule on each side allows you to stash your gear outside of your sleeping area, while the two generously sized doors make it easy to get in and out - especially for two people. This tent is designed to pack up small, so it has shorter section pole lengths so that you can fit it into your pack for easy transport.

The interior is made from No-See-Um mesh which provides lots of ventilation and will also keep insect out of your space. You'll be protected from the elements in this tent as the polyester fly has a coating to protect from UV rays and from the rain. The tub style floor and heat-taped seams also work together to prevent water from leaking into your dry shelter.

And you can keep your phone, keys or headtorch out of the way in the internal pockets in this tent. For overnight or short trips, the OZtrail Nomad 2P is a simple and lightweight choice.

- Two large doors
- Two vestibules
- No-see-um mesh inner
- Waterproof UV protection treated fly
- Shorter pole section lengths for a more minimal pack size
- Internal storage pocket
- Tub style floor
