Details

The collapsible and flexible soft bottle from Platypus now comes with a locking flip-top lid. The Duolock Softbottle in 0.75L is perfect for personal drinking water around the campsite or stashed in the side pocket of your rucksack.

The Duolock closure ensures no accidental opening of your bottle whilst in transit and a large external clip makes it easy to secure to a strap or loop. Once filled, the bottle is freestanding and the ergonomic design is easy to sip, top, pour and grip.

The taste-free materials ensure your water stays crisp and fresh and once the bottle is empty it flattens and rolls up to save space in your bag. Ideal for day hikes and around the campsite, the Platypus Duolock 0.75 litre soft bottle is a featherweight addition to your hydration needs.

Duolock lid ensure no accidental leakage
