

Suunto A-30 SH Metric Compass

~~\$49.99~~ **\$39.90**

Details

Don't set off without a compact and reliable compass that can be used in poor lighting conditions, like the A-30 Compass from Suunto.

This compass features a high-grade steel needle with jewel bearing and has a hardy baseplate. The magnifying lens makes it easy to use with a map, and the luminescent markings make it easy to navigate in low light conditions. The A-30 is also balanced for the Southern Hemisphere, has a fixed declination correction scale, metric scales, and a liquid filled capsule for stable operation.

It also comes with an easy to detach snap lock lanyard for convenience. Navigate with accuracy, and in low light environments with the A-30 Compass from Suunto.
