

Suunto M-3 G Compass

~~\$99.99~~ **\$84.90**

Details

Premium design and features, as well as the fact that you can use it worldwide, is what sets the Suunto M-3 Global Compass apart from the rest.

The M-3 features a hardy baseplate, a globally balanced needle with jewel bearing, and liquid filled capsule for stable operation. This compass also has a 20-degree tilt margin for easier readings, clinometer, and metric and imperial UTM scales. You'll be able to read a map more easily thanks to the magnifying lens on the baseplate, and the luminescent markings will help you navigate in poor light conditions.

This compass also comes with a detachable snap lock lanyard with wristlock for easy carrying. If you need a reliable and robust compass for worldwide adventures, then the M-3 Global Compass from Suunto is a steadfast choice.

- Fast globally balanced needle with jewel bearing
- 20 degree tilt margin for easier readings
- Adjustable declination correction
- Liquid filled capsule for stable operation
- Clinometer
- Luminescent markings for working in low light
- Metric and imperial UTM scales
- Baseplate with magnifying lens
- Detachable snap-lock lanyard with wristlock
