

Dometic
Cool Ice CI 85W Icebox

~~\$459.00~~ **\$294.90**

Details

Whether you've got a backyard barbeque, fishing trip, or weekend camping expedition planned - the Cool Ice 85W will chill your food and bevies for 3-10 days thanks to its food grade insulation.

Dometic use a roto-mould process with their iceboxes, which provides a smooth and seamless finish that doesn't let cold air escape. The CoolIce 85 is made of UV stabilised food grade polyethylene and uses improved refrigeration grade foam insulation for keeping your haul nice and cold. You never have to stress about the latches breaking off, as this model has single component rubber ones for reliability. This design also has a modular storage system, and the option to attach separate accessories to personalise your icebox.

Cleaning will be a breeze, just remove the large and easy to grip drain plug, and the solid handles on either side make it easy to carry and secure thanks to the integrated tie-down points. Bring the Cool Ice 85W with you anytime you need to reliably chill your food and drink supplies.

- One-piece rubber lock system
- Modular storage system
- Strong handles with integrated tie-down points
- Large drain plug for easy cleaning
- Improved polyurethane foam refrigeration grade insulation
- Reliable single component latch design
- UV stabilised food grade seamless roto-moulded polyethylene
- Keep ice for 3-10 days depending on usage conditions

Specifications
