Details

If there's nothing you love more than chilling out by the water while taking in the scenery, then the Shadee Fun Moana Beach Shade gives you the shelter you need, without blocking your view.

This traditional style shade has a classic blue and white stripe design which will never go out of style. Throughout the day you can adapt it to the sun, as this shade can be set up in an A or L shape. The shade itself comes with a huge inner zip pocket which is super useful for stashing your smaller important items out of the way. It also comes with pegs, guy ropes, and a plastic mallet for setting it up.

When it's time to head home after a nice day out on the sand, you can just pack it back into its included carry/beach bag which has internal pockets for organising your gear. When the weather heats up, set up some undercover shelter for the beach with the Shadee Fun Moana Beach Shade.
