Details

Whether you're hitting the sand or the pavement, the Nohea Moku Shoe from Olukai will give you the grip and comfort you need for water wear, with a stylish edge for the street.

Designed especially to be used in water, these shoes have a stretch bootie construction with no tie bungee laces that easily pull on. They're made from high quality synthetic vegan materials, so they're breathable and dry quickly. The Nohea Moku also features drainage ports for water wear and a non-marking razor-siped rubber sole for grip on wet surfaces.

The drop-in heel means you can wear this model as a shoe or a slide, and the PU anatomical footbed is removable and washable for easy care. If you need a versatile and quick-drying shoe for nautical wear, the Nohea Moku is a spot-on choice.

Ideal for: casual, travel and water wear
Water drainage ports
no tie bungee laces
Recommend going half a size down
Non-marking rubber outsole with razor siping for wet surface grip
Removable and washable dual-density PU footbed
Drop-in heel for shoe and slide wear
