

Supa Peg Big Foot Aluminium Tent Poles

From \$19.90

Available sizes:

230 cm | 275 cm | 305 cm

Details

The Big Foot Aluminium Tent Poles from Supa Peg are super handy to have in your outdoor kit for rigging your own custom shelter at the campsite.

Made from anodised hard structural aluminium, this pole offers strength and is also lighter than steel poles in the same category. Also featuring a hi-tensile steel spigot, you just twist extend and then lock it to get the ideal height for your set up. In terms of stability, the nylon cap on the end has drainage holes and provides a 32mm footprint.

Available in a few different sizes, the Big Foot Aluminium Tent Poles from Supa Peg can be used for all kinds of outdoor shelter setups.

Made from anodised hard structural aluminium
Big Foot nylon cap with drainage holes for stability
Patented twist lock
Hi-Tensile Steel Spigot
Made in Australia
