Details

Quick-drying, moisture-wicking, and warm - the Thermal Top from 360 Degrees is everything you need when it comes to an affordable base layer for your outdoor adventures.

This thermal top is made from Polypro Active fabric, which keeps you warm, wicks away moisture so you don't get clammy, and is nice and lightweight making it comfortable your other clothes. Ergonomically designed to have non-chafing flatlock seams, and a close fit - you can wear this thermal top all day when out and about without any discomfort.

This unisex top comes in a few different colours and in a range of sizes to suit all kinds of adventurers. Keep warm and comfortable on your next expedition, by wearing a Thermal Top from 360 Degrees under your clothes.

Unisex design, with different colours and sizes available
Non-chafing flatlock seams for comfort
Warm, lightweight and hydrophobic material
Fabric wicks moisture away from the skin
Dries quickly
