

Black Wolf Equinox 150 Sleeping Bag (6° C)

From \$134.90

Available colours:

Blue | Green

Details

The Equinox 150 from Black Wolf is the versatile and durable sleeping bag you've been looking for but without the hefty price tag.

The Equinox has Hyperloft 4T insulation which gives a great warmth to weight ratio, providing a comfort temperature of 6° Celsius, and a lower limit temperature of 1° Celsius. This sleeping bag is tested to ISO23537:2016 which is the international standard for sleeping bag temperature ratings.

Keep your phone or head torch where you can always find it in the hidden security pocket and adjust the tightness of the hood with one hand thanks to the single action toggle. When it's dark, the glow zip puller makes it easy to find the zipper, the draft flap stops warm air getting out, and the zipper guard stops the fabric from getting snagged.

A lightweight compression sack is also included for times when space is a premium, and the hanging loops make it easy to air your bag out and the end of your trip. Compact, robust and affordable, the Equinox 150 from Black Wolf won't let you down on your next expedition.

Hidden security pocket
Zipper guard stops the fabric from getting caught
Draft flap stops warm air escaping via zipper
Single-handed action toggle for one hand hood adjustment
Lightweight compression stuff sack
Hanging loops for airing out your bag after your trip
Nightglow zip puller
