

Hex Pegs Hook Top Drillable Tent Peg

\$12.50

Details

If you're sick of wasting precious time and energy hammering in and pulling out stubborn tent pegs, the durable and efficient Hook Top Hex Pegs are the perfect solution. Hex pegs are unique in that they can be inserted and removed in just a couple of seconds with both electric and cordless drills and impact drivers thanks to the clever design. So, you can spend less time pitching and packing, and more time relaxing at the campsite. Each peg has a high-quality steel threaded body, a rubber grommet and stainless-steel washer with a hook attachment on top which can be drilled into almost all ground surfaces. Whether you need to secure your shelter, annexe or tent - the Hook Top Hex Pegs are the simple and time-saving way to do it. Can be inserted and removed in seconds Compatible with all electric and cordless drills and impact drivers Threaded stainless steel body rubber grommet and stainless-steel washer with hook attachment for guy lines Strong enough to be drilled into most ground surfaces
