

JetBoil
MiniMo Stove & Pot Support

~~\$289.99~~ **\$199.90**

Details

The Jetboil stove we all love now comes with simmer control, introducing the Jetboil MiniMo. A redesigned cooking pot and new regulator technology brings master cookery to the campsite.

The larger, shorter pot still houses the burner and a 100g gas canister for transport but is now easier to eat from with a lower spoon angle. An improved valve and regulator facilitates the best simmer control of any upright stove on the market and maintains performance down to -6°C.

Fired-up at the push of a button, the MiniMo features a drink through lid and measuring cup that protects the pot base when in transit. The stabiliser is included and clipped into the lid for storage, and the burner comes with its own velvet bag to protect the inside of your pot.

Made with hard anodised aluminium for lightweight performance, the Jetboil MiniMo has robust metal handles, an insulated cosy over the pot and is perfect for adventurers on fast and light missions anywhere in the world.

Wider, shorter cup than Jetboil Flash
Excellent simmer control
Improved valve and regulator
Included stabiliser
Piezo ignition

Specifications

Snowys Code:	142674
Supplier Code:	JMNMCB
Packed Dimensions:	16L x 12.5W x 12H cm
Capacity:	1 L
Material:	Hard Anodised Aluminium Stainless Steel
BTU Per Burner:	6000
No. of Burners:	1
1L Boil Time:	2.15 mins per 0.5L
Fuel Type:	Isobutane Propane
Fuel Consumption:	100 g/hr
Ignition:	Piezo
Weight:	0.415 Kg
Warranty:	1 Year
