Details

The updated Targhee III WP from Keen is the iconic and durable shoes that will keep you sturdy as you take on new adventures. The upper is made from a combination of waterproof leather and performance mesh for durability with a mud shield for extra protection. On a drizzly day, your feet will stay dry thanks to the KEEN. The dry membrane keeps water out, while also allowing your feet to breathe. The interior also has a comfy mesh lining with odour control and a compression moulded EVA midsole, and EVA footbed to cushion your feet.

These boots have speed hooks for easy adjustment, an ESS shank for lightweight support and a TPU feel capture system for stability. Topped off with a rubber outsole for 4mm multi-directional lugs for traction across all kinds of terrain - the Targhee III WP from Keen are ready for almost anything.

Waterproof, leather and performance mesh upper
KEEN.DRY waterproof, breathable membrane
ESS shank for lightweight support
Cleansport NXT for natural odour control
