

Keen Venice II H2 Wmns Sandal

Details

You'll get coverage and breathability in a pair of the warm weather-ready Venice II H2 Sandals from Keen. These sandals are made from washable polyester webbing upper, with breathable mesh windows for air flow and toe coverage for protection. These sandals feature a water repellency treatment which is PFC-free to minimise environmental harm, which will ensure moisture beads off your shoes. The footbed supports your arch, while the compression moulded EVA midsole provides cushioning for comfort. The Venice II sandals are easy to secure as they have a lace capture system and an adjustable heel strap which allows you to get a custom fit for comfort. These shoes also have natural odour control will keep your feet feeling and smelling fresh as you explore, and a non-marking rubber outsole to help you leave no trace. If you're adventuring in tropical or warm conditions, your feet can breathe and still get protection in the Venice II H2 Sandals from Keen. Metatomical EVA footbed for excellent arch support Breathable mesh windows for air flow Secure fit lace capture system Adjustable heel strap for a custom fit Natural odour control PFC free durable water repellent Non-marking rubber outsole leaves no trace Compression moulded EVA midsole for cushioning
