

Sea to Summit Quest Qu2 Wmn's Sleeping Bag (-1 °C)

From \$184.90

Available sizes:

Regular - Right Zipper | Long - Right Zipper

Details

With a women's specific fit and technical performance without the high price tag, the Quest Qu2 is the easy choice when you've got that Friday feeling. The Quest Qu2 has a tapered rectangular shape so it'll give you a bit room than a mummy style, and is wider at the hip and narrower in the shoulder for a women's specific fit. This bag has a unique WaveLoft™ construction which loops thick layers of insulation together to trap pockets of warm air and has thicker insulation in the footbox to prevent you waking up cold. The -1°C comfort rating and -8° lower limit make this bag ideal for three-season general camping use or colder sleepers. This bag is constructed from lightweight and compressible 30D DWR nylon shell and 20D nylon lining which are for easy storage and transport. On warm evenings open the full-length zip and use it as a quilt or if you just need some ventilation, the second zip slider in the footbox can be unzipped. For performance, comfort and value on your casual weekend adventures - you can rely on the Quest Qu2 Sleeping Bag from Sea to Summit. -1°C comfort rating and -8° lower limit WaveLoft construction to trap pockets of warm air Thicker insulation in the footbox to reduce cold feet waking you up Tapered rectangular shape and women's specific fit Second zip slider in the footbox for temperature adjustment Full-length right-side zip allows the bag to be opened flat and used as a quilt 30D DWR nylon shell and 20D nylon lining is lightweight and compressible Oversized zip draft tubes with anti-snap Includes a stuff sack Not designed to pair with another bag
