

Marmot  
Ultra Elite 30 Sleeping Bag (5°C)

~~\$299.99~~ **\$224.90**

### Details

The Ultra Elite 30 from Marmot is a synthetic sleeping bag that's downy soft, reliable and lightweight for your trailside expeditions. This sleeping bag has a fill made from a blend of 3 synthetic fibres which provide warmth, is easy to compress and has the softness of down - which makes it a great option when you're adventuring in wet conditions. The 3D hood will keep your head nice and snug, the stash pocket allows you to store essentials close by, and this bag has a 5°C temperature rating which is EN tested. The mummy shape helps trap your body heat, while the anatomical wraparound footbox increases insulation and gives you a bit more room. This bag also has a full length locking two-way zipper for easy access with an anti-snap slider to prevent it getting caught. Dependable, cosy and easy to compress - the Ultra Elite 30 is a great synthetic sleeping bag for fast and light trips.

EN 13537 temperature tested Elixer Micro fill - blend of 3 synthetic fibres for warmth, compressibility and softness  
Anatomical wraparound footbox Full length locking YKK two way zipper with anti-snap slider EN tested 3D hood with draw cord Internal stash pocket Snagless insulated draft tube Zipper guards Two hang loops Compression stuff and storage sack included
