Deluxe 3M 2-Zip Door Wall

\$69.90

Details

If your gazebo is a little too breezy, you need some extra undercover space, or you want to keep the mozzies at bay - the OZtrail Deluxe 2 Zip Solid Doorway Wall will do it all in one complete package.

Keep it zipped up for privacy and weather protection, unzip the solid to allow airflow and insect protection with just the mesh exposed, or peg out the solid panel with additional poles as an awning to provide some extra shelter. The UVtex treated fabric provides protection from the harsh sun and rain, and the No-See-Um mesh will help to ventilate your shelter.

This wall has Velcro patches on the top edge that attach to the inside of the canopy, steel hooks in the top corners of the wall that link to eyelets on the gazebo frame, webbing loops at the bottom to peg it out, and ties on the edge to attach to the legs for a very secure set up. For a gazebo wall that'll provide you with the whole kit and caboodle, the Deluxe 2 Zip Solid Doorway is a no-brainer choice.
