Details

The ultimate expedition and outdoor mug, a Sea To Summit Delta Mug will pack easily into your rucksack and at just 62g will barely register on the scales as you set out on the trail.

The Delta Mug has no handle, so it's easy to stash in your pack or camp kit. Instead, an ergonomic rim provides a comfortable and heat resistant means of holding your mug.

Made from tough Nylon 6 material with Wide heat dissipating Protex™ base the Delta Mug won't crack in extreme cold and is resistant to odours and stains so you can't taste last night soup in your morning coffee.

Ergonomic heat resistant rim
Resists odours and stains
Dishwasher safe
