### Details

The lightest and most compact towel in Sea to Summit's range, the whisper-light Pocket Towel is a handy addition to your paddling, backpacking, travelling, or bicycle touring kit.

This towel is made from a special woven technical fabric, that absorbs three times its weight in water and is fast drying for efficiency. The soft and silky feel is down to the light knit of the fabric, and it comes in a matching soft zippered EVA case to keep it clean in your pack.

This durable and handy towel can be used over and over - just wring it out, and you're good to go. If you need a towel that's as lightweight and efficient as possible, then the Pocket Towel ticks both those boxes and more.
