Details

The Pacsafe Metrosafe LS250 is the ultimate urban day tripping shoulder bag. It boasts style, so you won't look out of place on the streets of Paris while keeping your identity and valuables as safe as a house.

The main compartment has a padded sleeve, big enough to hold your 11" Macbook or full-size iPad. An RFID blocking pocket holds a couple of passports and a wallet comfortably and securely. The front organiser pocket features enough smaller pockets to keep your smartphone, sunglasses, and snacks organised and accessible. Two external water bottle holders clip out from the sides so you stay hydrated while you wander through the Spice Bazaar in Istanbul. A rear zippered pocket will keep your maps and travel documents flat and close to hand.

As with every Pacsafe product, the Metrosafe LS250 features extensive security features that prevent pickpockets from accessing or slashing your bag, undoing your zippers, and stealing your identity. Safe travels.
