Details

If you're travelling to a place where disease-carrying mosquitos are present, then Double Permethrin Treated Mosquito Pyramid Net from Sea to Summit is a must for protection. This high visibility black net provides protection from mosquitoes, bed bugs and other biting insects as it's made from finely woven hexagonal mesh, that's treated with permethrin which is a safe yet effective insecticide. The asymmetric shape provides you with headroom inside, the overlapping flap at the base makes it easy to create a bug proof seal, and the coloured tape on each corner ensure an easy setup. The Double Permethrin Treated Mosquito Pyramid Net from Sea to Summit is the light and compact choice for mozzie protection when you're out in the wild. Permethrin-treated Light and compact Black mesh netting offers high visibility 500 holes per square hexagonal mesh Asymmetric shape for more useable headroom Overlapping flap at the base so you can create a bug proof seal against the floor Height is easily adjustable with tuck in corners for extra protection Colour coded corners for easy setup
